

## NHK Receives "A" Rating In NNFA GMP Recertification Audit

For Immediate Release

SANTA FE SPRINGS, Calif./EWORLDWIRE/June 8, 2004 --- NHK Laboratories Inc. has been recertified with an 'A' rating in the National Nutritional Food Association (NNFA) GMP Program. The audit comprised of a three-day independent audit of the company's facilities, procedures, training, sanitation, and Quality Control and Assurance departments.

"Receiving an 'A' grade in the NNFA GMP program is evidence of our continued dedication to complying with good manufacturing practices and consistently providing quality products to our customers. Initially certified in 2001, this reaffirms our position as a premiere manufacturer in the dietary supplements industry," said Sharmin A. Karim, Executive Director of the firm.

Headquartered in Santa Fe Springs, Cali., NHK Laboratories Inc. is an NNFA GMP certified custom manufacturer and packager of dietary supplements and functional foods. Specializing in the production of capsules, tablets and powder drink-mixes, the company also offers contract laboratory analyses and quality bulk ingredients to the food and dietary supplement industries. The company operates two GMP facilities on more than 90,000 square feet.
