

## **Esnatech To Unveil Product Of The Year At Internet Telephony Expo**

*Esnatech Will Be Highlighting The Telephony Office-LinX Platform In The Iwatsu And Eicon Booths At This Year's Internet Telephony Expo*

For Immediate Release

RICHMOND HILL, Ontario/EWORLDWIRE/Jan. 23, 2006 --- Esnatech (Esna), a leader in real-time communications platforms, today announced that it will be showcasing the Telephony Office-LinX suite of communication solutions in the Iwatsu Voice Networks and Eicon Networks booth at this year's TMC(TM) Internet Telephony(R) Conference & Expo East 2006 in Ft. Lauderdale, Florida, Jan. 26-27. The conference will be held January 24-27, at the Broward County Convention Center in Fort Lauderdale, Fla. The Internet Telephony Conference & Expo is the nation's premier event for showcasing leading cost-saving and cutting-edge IP telephony products and services.

"The Internet Telephony Conference & Expo is the premier event in the telephony industry for showcasing industry leading technology, and having Telephony Office-LinX showcased in both the Eicon and Iwatsu booths is a testament of the value of Esna's Telephony Office-LinX suite of communication solutions," said Davide Petramala, VP marketing and sales at Esnatech. "Iwatsu is a premier partner that has been providing the Esna suite in its line of IP telephony solutions for the past three years. They recognized early on the value of applications and the need to deliver true value to a customer when converting to a VoIP solution for their business. Eicon is a technology partner that delivers the level of quality customers need to expect from a solution that is designed to deliver security, productivity and mobility to their business."

Esna has just released its 6.5 version of the Telephony Office-LinX. The new release provides integration with Iwatsu Voice Networks, Mitel, 3Com, AASTRA, Panasonic, Avaya, NEC, Toshiba, Ericsson, Cisco and Nortel phone systems. Organizations can implement a software application over their existing telephone network simply by deploying the Telephony Office-LinX.

Telephony Office-LinX is already tightly integrated with Microsoft Windows, Exchange, Office, Terminal Services and Outlook. It can be administered directly from an organization's Microsoft Management Console or through Terminal Services over the web. Users can be managed through Active Directory and Group Policy.

### **About Esnatech**

Founded in 1989, Esnatech's mission is to provide communication solutions that are simply the best way to communicate. Esnatech solutions empower organizations by giving them the flexibility to conduct business at any time, from anywhere, so they can manage the information they need, when they need it. Esnatech markets and distributes its products through OEM and VAR partners in 28 countries worldwide.
