

Telefinity VoIP Platform -Turnkey VoIP Hosted Platform Includes DID, E911, Termination, CNAM, 411 And Directory Listings

Telefinity's turn-key VoIP platform allows quick entry into lucrative and growing market- low \$9,995 setup fee includes everything needed.

For Immediate Release

DENVER/EWORLDWIRE/April 5, 2006 --- Telefinity, provider of hosted VoIP platform and wholesale VoIP services, offers a new, lower price for the turn-key Avoca VoIP platform. More features have been added, now with CNAM for the new lower investment of \$9,995. Over 80 call and voice features are supported, including 25 features especially for businesses. Advanced features include auto-attendant, call queuing, hunt groups and multi-group extensions. Wholesale costs for a small business, per business line are approximately \$20 per month including 'unlimited' inbound and outbound minutes, E911, a U.S. telephone number, 411 access, directory listing in directory assistance and in the printed phone book (conditions apply).

About Telefinity

Telefinity is currently a privately held company which provides a wholesale hosted platform for VoIP providers. Telefinity also offers termination, origination and other related services in demand by successful VoIP providers. Telefinity is headquartered in Denver.
