

ControlScan Certifies FilterSolution.com As A Safe Shopping Site

In an effort to increase its Internet security, FilterSolution.com, the leading provider of high quality air and water replacement filters, today announced that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWorldWire/April 6, 2006 --- "Privacy and security are the main concerns of consumers," says ControlScan President and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Business Secure Plan, FilterSolution.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

Once a company passes the security process associated with the Business Secure Plan it receives the Hacker Defended, ID Theft Protected and Business Background Reviewed certificates. These certificates are renewed daily, allowing FilterSolution.com's customers to receive independent third-party verification of the site's actual security before they decide to give out sensitive personal data.

About FilterSolution.com

FilterSolution.com is the source for high quality air and water replacement filters. Custom and odd sizes, and hard-to-find replacement filters is the company's specialty. Brand-name and affordable after-market replacements for Honeywell, Trion Air Bear, Aprilaire, Space-Guard, Duracraft and more.

About ControlScan

ControlScan provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate web properties. Its solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure, and to put processes and procedures in place to effectively implement online governance strategies.
