

ControlScan Certifies TotalBackyard.com As A Safe Shopping Site

In an effort to increase its Internet security, www.totalbackyard.com, the leading provider of high quality durable outdoor products, today announced that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWorldWire/April 18, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, TotalBackyard.com hired ControlScan.com and subscribed to the Corporate Secure Plan. Through its unique process, ControlScan.com will conduct security tests and audits of totalbackyard.com and certify the site's security.

"Privacy and security are the main concerns of consumers," says ControlScan.com President and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Corporate Secure Plan, TotalBackyard.com's visitors are reassured that this company is committed to protecting its personal and credit card information and providing a safe online shopping experience."

About TotalBackyard.com

A passion for the outdoors, a dream and long hours helped TotalBackyard.com start a site devoted to the outdoor enthusiast. Its strategic partnerships allow the consumer to furnish any outdoor living space with high quality durable products that are sure to become family heirlooms.

Once consumers experience the easy to shop Web site, TotalBackyard.com will be the first place searched for outdoor living products. The company's goal is to provide customers with a truly rewarding shopping experience every time they visit TotalBackyard.com

About ControlScan.com

ControlScan.com provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate Web properties. Its solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure, and to put processes and procedures in place to effectively implement online governance strategies.
