

Control Scan Certifies MySilkWeddingFlowers.com As A Safe Shopping Site

In an effort to increase its Internet security, MySilkWeddingFlowers.com, the leading designer of silk wedding flowers, today announced that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWORLDWIRE/April 27, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, MySilkFlowers.com hired ControlScan and subscribed to the Business Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of MySilkFlowers.com and certify the site's security.

"Privacy and security are the main concerns of consumers," said ControlScan president and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Business Secure Plan, MySilkFlowers.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

About MySilkFlowers.com

My Silk Wedding Flowers will happily custom design a package to meet any wedding needs. There are wedding flower packages designed along with descriptions and pricing for the client's convenience already on the Web site.
