

ControlScan Certifies CheapMowerParts.com As A Safe Shopping Site

In an effort to increase its Internet security, CheapMowerParts.com, an extensive online supplier of lawn mower parts, snowthrower parts, and chainsaw parts, today announced that it has become certified by ControlScan.

For Immediate Release

ATLANTA/EWORLDWIRE/July 31, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, CheapMowerParts.com hired ControlScan and subscribed to the Corporate Plan. Through its unique process, ControlScan will conduct security tests and audits of CheapMowerParts.com and certify the site's security.

"Privacy and security are the main concerns of consumers," said ControlScan President & CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Corporate Secure Plan, CheapMowerParts.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

About ControlScan's Corporate Secure Plan

ControlScan's security certifications are rapidly becoming the industry standard for privacy protection. The certificates assist in meeting the criteria for mandates in Europe, Japan, Canada, ISO and the USA. By using business plans unlike any other Internet security solution companies, ControlScan is able to custom protect companies and their consumers. As a business is put through the certification process, ControlScan is able to show the company where its weaknesses lie. If a company does not pass the test, ControlScan's experts work with the company to increase its security until they meet the standards. Therefore, customers who see ControlScan certifications on a Web site can shop with ease, knowing that the business is working towards ensuring consumer safety.
