

Control Scan Certifies Summitfashions.com As A Safe Shopping Site

In an effort to increase its Internet security, Summitfashions.com, the leading provider of apparel from the top name brand designers, today announced that it has become certified by ControlScan.

For Immediate Release

ATLANTA/EWORLDWIRE/Aug. 1, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, Summitfashions.com hired ControlScan and subscribed to the Corporate Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of Summitfashions.com and certify the site's security.

Once a company passes the security process associated with the Corporate Secure Plan it receives the Hacker Defended, ID Theft Protected, Privacy Protected and Business Background Reviewed certificates. These certificates are renewed daily, allowing Summitfashions.com's customers to receive independent third-party verification of the site's actual security before they decide to give out sensitive personal data.

About Summitfashions.com

Summitfashions is a leading online retailer of designer brand women's apparel. The online store at Summitfashions.com was established in 2000. The founder, Debbie Cosentino, started up Summitfashions.com with little more than the idea to provide millions of women with a simple and safe way to shop on line for hard-to-find designer apparel at great prices. The cornerstone of Summitfashions's business model was to provide the absolute best possible customer service at fantastically low prices. Most orders are shipped on the same day, and personal help is available with sizing and other questions via email or phone. Summitfashions has an extensive selection of sexy nightgowns, baby dolls, corsets, bustiers, waist cinchers, bras, panties, thongs, cami sets, bikinis, sexy sleepwear, dancewear, and g-string thongs.

A key to the rapid success at Summitfashions was summarized by the owner: "The best way to be a great online seller of women's apparel is to be a great buyer of women's apparel".

The owner of the company is skilled at locating those hard-to-find designer clothing at great prices, so she does all the buying herself. Their low purchase prices, combined with their low overhead with the online store, translates into fantastic savings for online buyers. In addition to sexy lingerie, Summitfashions.com also offers a selection of swimsuits and swimwear, exotic dancer outfits, sexy costumes, sexy school girl costumes, sexy teachers costumes, high heel shoes, Halloween costumes, dresses, halter tops, socks, hosiery, bridal wear, clubwear, and accessories. This provides the formula for a quick turnover in inventory that brings in a constantly changing supply of fresh new styles.

About ControlScan

ControlScan provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate Web properties. Its solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure, and to put processes and procedures in place to effectively implement online governance strategies.
