For Immediate Release

KILLINGWORTH, Conn./EWorldWire/Aug. 31, 2006 --- The final showdown on the 18th Green that needs no introduction witnessed more than 21 beauties taking awards, accompanied by cheers from the adoring crowd and officials. Again, the expertise and products needed to help these winners at the Pebble Beach Concours d'Elegance was provided by the world's most exclusive automotive care products company, Zymöl.

The Pebble Beach Concours d'Elegance is the pinnacle of automotive review dealing those gathered an unforgettable experience. "This is an abundance of luxurious rolling masterpieces, judged by passionate automotive historians," stated Charles Bennett, Zymöl CEO. "While many spectators traversing the grounds might have an inkling of what skill is required to restore, transport, prepare and judge these vintage cars from around the globe, the details are nothing less than staggering."

When an entry arrived damaged, the Zymöl Concours Team went beyond its ordinary magic to repair and deliver the champion to its former condition.

"Passion drives us -- our energy sustains us," explains Bennett. By completing the repairs and Concours preparation with only hours left before the showing, Zymöl surpassed its own expectations.

"We congratulate every entrant and we are expanding our services to support their every need and vision."

Zymöl's next challenge is applying its efforts to the October 1 launch of Studio Zymöl in Beverly Hills on South Robertson Blvd. The opening comes on the heels of Zymöl Europe in Great Britain, the company's first centre outside of the United States. The Beverly Hills location is the first of its kind retail and service venue tailored to accommodate those who love automobiles.
