

Next Generation Continuity Software

COOP Systems' myCOOP 5.3 Implemented By Cox Enterprises

Enterprise-Wide BCM Software Deployment to Cover 300 Separate Businesses

For Immediate Release

HERNDON, VA, /EWorldWire/Jan. 24, 2007 --- COOP Systems today announced that Atlanta-based Cox Enterprises, Inc., one of the nation's leading media companies and providers of automotive services, has implemented myCOOP(TM) 5.3 to support its enterprise-wide Business Continuity Management (BCM) program. myCOOP is an on-demand BCM software package, designed to support distributed and global BCM programs. The full life cycle of the Professional Practices is delivered securely over the Internet with a powerful, integrated package.

"We are enjoying the chance to work with Cox Enterprises. The breadth of its business interests and need to organize its enterprise-wide BCM program make the company a great fit for our capabilities. myCOOP's ability to quickly organize existing information and extend our tools to all the business units was of particular value," said Chris Alvord, CEO of COOP Systems.
