

Speech-Language Pathologist, Daniel Wilson, Launches Family-friendly Web Site

For Immediate Release

JERSEY CITY, N.J./EWorldWire/Feb. 21, 2008 --- Because raising children in the 21st Century is no easy task, Daniel E. Wilson, M.A. CCC-SLP, is sharing his 17 years of experience in working with families and children at 'http://www.beyondyourraising.com'. With subscriptions available for 3 months, 6 months or 12 months, for \$30, \$62.50 and \$125 respectively, Wilson's monthly newsletter entitled, "Beyond Your Raising," provides concrete tips to help parents help their kids.

BeyondYourRaising.com features a public "Forum" where all who visit can exchange information with others, ask questions and share concerns regarding raising their children, addressing life's everyday issues.

According to a recent study published in Pediatrics, 12 - 16 percent of young children in the United States are affected by behavioral and developmental problems. More and more children have medical issues from a whole host of conditions at birth as well as exhibit developmental delays in the first three years of life.

Wilson, a certified, licensed Speech-Language Pathologist, has experience with most cultural groups and ethnicities, and he has worked in various areas throughout the U.S. According to Wilson, "There are differences in cultural backgrounds that need to be acknowledged, yes, but there are far more similarities. After all, we are all just human!"

The "Guest Book" at BeyondYourRaising.com allows visitors to interact and communicate with Wilson, and a direct contact e-mail (daniel@danielwilsonconcerns.com) for subscribers and visitors to e-mail him directly with questions or requests for professional services.
