IQinVision announces Several Staff Additions and Promotions

Hanson joins senior staff as company ramps up to meet continued strong growth

For Immediate Release

SAN JUAN CAPISTRANO, Calif. / Lancaster, Penn./EWORLDWIRE/June 18, 2008 --- IQinVision, market leader in high-performance megapixel network cameras, smart IP cameras, and network video recording systems, today announced the addition of several new staff members, a further expansion of the company's sales organization, and some key promotions.

Winston R. Hanson joins IQinVision in the new position of VP of Operations, responsible for production, materials management, and quality control. Hanson comes from St. Jude Medical, a \$4 billion manufacturer of medical grade implantable products and electronic transmitters/receivers, where he was Director of Commodity Management. Hanson is a seasoned professional with over 30 years of experience in manufacturing and materials and extensive offshore sourcing.

IQinVision continues to expand the North American sales organization. Neil Hellwig has been named new Southeast Regional Sales Manager, bringing over 25 years of experience in the IT industry. Andy Kiss joins the company as the RSM for the Mid-Atlantic Region with ten years of experience engineering and consulting on IP video solutions.

Growth continues in other markets as well. Jasper Stoter is the newest member of the sales team in Europe as the new RSM for Scandinavia and Italy, having most recently worked with partner company Lobeco. Paul Andre de Jong, with 20 years experience in manufacturing, distribution, sales, and marketing, joins IQinVision Europe, taking over the Western European territory.

As staff numbers increase, the organization is maturing by adding additional management positions. Bill Hobbs takes on a sales leadership role as Western Regional Director of Sales, with the RSMs in the CA, Northwest, Midwest, and South Central Regions reporting to him. Lisa Bradshaw will be moving up from her RSM position to take on a new role as Director of Distribution and National Accounts.

"Our current level of growth is exciting," said Pete DeAngelis, president and CEO of IQinVision, "but it's just as exciting to see the quality of talent our company is attracting and to be able to move people up as our organization becomes more sophisticated and specialized in providing superior sales and support to all our growing markets around the world."

About IQinVision

IQinVision is the world leader in megapixel IP video. Since 1998, IQinVision has been designing, manufacturing, and marketing the IQeye family of high-performance network cameras, intelligent cameras, and network video recording (NVR) systems. Committed to leading the industry with highly-valued products and customer service, IQinVision was first to market with HDTV and megapixel cameras and has received numerous awards from Frost and Sullivan, ST&D, Detektor, IIPSEC, and others. IQeye network cameras are renowned for image quality, stability, and reliability in the most demanding network conditions and environments. The IQeye acts as a stand-alone NVR or integrates with third-party NVR and video analytics software for enterprise-wide deployments. IQinVision products are available as IQeye-brand, private-labeled, or OEM models, and have been widely deployed in city center, property management, education, retail, casino, government, transportation, and a number of other vertical market applications. IQinVision is a privately-held corporation headquartered in San Juan Capistrano, Calif., with regional offices in Lancaster, Pa., and Utrecht, Netherlands.
